I can't tell you how happy I am that you remembered me and sent me this.
As I've said. I grew up here, spent many hours at these sites and I've taken my children to these sites. 4 of my 12 grandchildren have never seen these sites. 5, 7, 7, & 9 they are now. 5 years have passed.
I would think what ever the reasons we can do better than this.
Thank you so much Victoria for keeping in touch.

> The Croatan District of the National Forests in North Carolina has prepared a draft environmental assessment (EA) for the Neuse River Recreation Sites project. The purpose of this project is to repair damage caused by hurricane Florence for public safety through shoreline erosion control, infrastructure replacement, and add new infrastructure for recreation opportunities. This project is proposed on National Forest System (NFS) lands in Craven County, North Carolina. The draft EA addresses the modified proposed action alternative developed by the Forest Service.
>
> The draft EA is available for review on the project webpage: https://www.fs.usda.gov/project/nfsnc/?project=60345. The proposed project is an activity implementing a land management plan and is subject to pre-decisional objection process at 36 CFR 218 Subparts A and B.

Electronic comments may be uploaded as Microsoft Word documents (.doc or .docx), portable document files (.pdf), rich text format (.rtf), text (.txt), or hypertext markup language (.html) files. Only those who submit timely and specific comments during one of the comment periods will be eligible to object. In order to file an objection, each individual or representative from each organization submitting comments must either sign the comments or verify identity upon request. Any individual or entity that provided timely, substantive, specific written comments during this scoping period or during the 30-day notice and comment period will meet the eligibility to object.

Comments must be submitted by 30-days from the date of the legal notice published in the Sun Journal. This notice is anticipated to publish on October 19, 2023. The first day of this comment period is counted the day after the legal notice is published. Only those who submit timely and specific comments during one of the comment periods will be eligible to object. In order to file an objection, each individual or representative from each organization submitting comments must either sign the comments or verify identity upon request. Any individual or entity that provided timely, substantive, specific written comments during the scoping period held in 2021 or during this 30-day notice and comment period will meet the eligibility to object.

Additional information can be obtained from: Victoria Payne, NEPA Planner, by email at Victoria.payne@usda.gov or by phone at (252) 639-0304.

Thank you for your continued interest in the management of the Croatan Ranger District.
