Thank you for your interest in the Integrated Management of Target Shooting project.

We understand that the StoryMap is not available as intended. The Forest is developing additional maps for public review and anticipates posting to the project website early next week:
https://www.fs.usda.gov/project/?project=57807

Public meetings are being scheduled for early February. Please look for additional details about how to attend these online events on the same website.

Thank you again for your interest in the management of National Forest System lands,

Jenn

Hello
What areas are to be closed to target shooting in the Shawnee, Colo. area? What areas proposed to be open in the Shawnee and Platte Canyon area? The map on site is of no help. Thank you.
