Comments: II have enjoyed the lake since 1946 when I went there on my honeymoon. I visited the Lake mant times. my grandsons attended Camp Kingswood and I visited them there many times. In addition, I am a painter and have used the lake as inspiration. I can't understand why anyone would want to destroy this beautiful pristine lake by clearing the trees and destroying the wildlife that is dependent on it. To me it represents New Hampshire at its best. The White Mountains are a treasure to be kept for future generations.
