Comments: Dear Ranger Brown: ? ?

Thank you for the opportunity to comment. Please accept these scoping comments on the Eastside Project on behalf of the Alliance for the Wild Rockies, Friends of the Bitterroot, Friends of the Clearwater, Yellowstone to Uintas Connection, and Native Ecosystems Council, (collectively "Alliance").
The U.S. District Court for the District of Alaska ruled in Case No. 1:19-cv-00006-SLG that the Forest Service violated multiple federal laws when it approved a broad management blueprint that would authorize future logging without site-specific environmental review which is exactly what this project proposes. Therefore, we ask that you write an Environmental Impact Statement for this project that fully complies with the law. Please find the order for this case attached.
