Types of Claims

Lode Claims - Deposits subject to lode claims include classic veins or lodes having well-defined boundaries. They also include other rock in-place bearing valuable minerals and may be broad zones of mineralized rock.

Placer Claims - Placer claims are defined as "...including all forms of deposit, excepting veins of quartz, or other rock in-place." In other words every deposit, not located with a lode claim, should be appropriated by a placer location.

Legend

Active Mining Claims January 2022
- Lode Claim
- Placer Claim

Active Mining Claims April 2022
- Lode Claim
- Placer Claim

Active Mining Claims August 2022
- New Lode Claim
- New Placer Claim
- Pe Sla
- Mountain Peak
