Comments: Comment on Colville National Forest Plan Revision

Dear Forest Supervisor Rodney Smoldon,

I am writing to comment on the Colville National Forest's Land and Resource Management Plan Revision.

I would like to see you adopt wilderness designations for the roadless areas, including Profanity, Bald Snow, Hoodoo, Abercrombie-Hooknose, Salmo-Priest Adjacent, Thirteenmile, and Quartzite.

These areas provide important habitat and are vital to the local ecosystems. As a Washingtonian, I would like to see them given the necessary protections they deserve.

The Alternative P Plan is probably your strongest proposal, but it needs to take additional steps by ensuring wilderness designation for all deserving roadless areas on the Kettle Crest, including at least the Profanity, Bald Snow, Hoodoo, and Thirteenmile.

Thank you for your time.
