Comments: I have reviewed the majority of the content of the proposal, and frankly its a lot to digest. While no specific changes pop out to me I'm sure there are some in areas distant to my location. Over the snow recreation brings economic as well as social benefits to the community, in perticular Eureka where I am the most familiar with the snowmobile club. My only comments would to break these proposals into smaller more targeted areas. Its difficlut to comment on something hundreds of miles away let alone wade throught all the data. I am a supporter or over the snow vehicle use and would encourage its expansion rather than any additional restrictions.
