Comments: For the Administrative Record, I am submitting the Forest Service horse survey maps for 2014-2017. This is document 3 of 3 documents I am having to upload as 3 separate comments, because the reCAPTCHA kept erroring out when I tried to upload the comment as one document, and even when I separated the one document into 3 documents, although the file size of my original document was well within the total file upload size limitations. I am now having to enter the one comment by dividing it into 3 separate comments. The attachment herein goes with my comment re: Why the wild horses are not using their designated territory.
