First name: Emily

Last name: OWinter

Organization:

Title:

Comments: Please do not approve this plan. It is shortsighted, environmentally irresponsible. This is blatantly focused not on the right decisions, but on lining the pockets of a few to make an extra trillion or two, while dumping carbon on the rest of us, in an industry that needs to be phased out, not built out.

STOP SUPPORTING FOSSIL FUEL AT THE EXPENSE OF OUR ENVIRONMENT, CLIMATE AND LIVES.
