

My name is Evelyn Harrigan, I am a member of the Spring Mountain alliance.

I feel that the wild horses are a big part of Nevada history. They should be allowed to be free so everyone could enjoy them in nature.

When I have visitors from out of state I have to take them to Cold Creek as that is the only place you can see them now.

It is such a thrill to see them free roaming with a small group, especially if there is a mare with a foal.

Please leave the wild horses and Burros wild & free!!

Evelyn J. Harrigan
