

Terry Frolli
Forestry Services

Dear Mrs Frolli,

I wanted to send a note regarding the beautiful wild mustangs. They are a part of what is still a natural part of our nation. Not only do I love to visit where we can see the horses, many of the out of town guest enjoy going to see the horses as part of their visit to Nevada.

Please save this beautiful part of Nevada and do not allow them to be captured and subjected to the roundup process.

Sincerely
Stephanie Yowen
