Comments:

The main concern I have is to keep mortgaged out of proposed wilderness. Option A should be pushed to keep the Hoodoo Roadless as wilderness. We need to save what roadless and wilderness we have left for future generations. Wilderness lets wildlife live like they are supposed to with without noise + motor vehicles. We need areas for wildlife to have secure habitat.

Option B can not be enforced so it should not be considered. Snowmobiles will not stay in those areas on map.

Wilderness is the only place where you can truly enjoy nature without human involvement.
