Comments:

- Eliminate special Option B for wilderness
- support option A.

- 1) Option B Blows Holes in an intact proposed wilderness on both Idaho + Montana sides
- 2) Option B is UNENFORCEABLE. Snowmobilers won't stop on diverse closure lines.
- 3) Montana snowmobilers HAVE millions of high country snowmobiling. They don't need these AREAS.
- 4) Historic mountain goat habitat occurs in most if not ALL AREAS, especially Hoodoo, Sawyer + Blacklead.
- 5) As former District Ranger at Ninemile for 10 years + Travel plan coordinator + 1982 PLANNING TEAM member, all of the Lolo Great Burn was designated non-motorized since 1982 or before.
- 6) Trespass snowmobiling began ABOUT 1990 or 1992 by MONTANA RENEGADES. Un-documented mis-legal use via airplane about 1993.
- 7) These 4 "Special AREAS" cut out of proposed wilderness is like Bomb craters in a garden. Ridiculous!
