This Meeting was a total waste
of public dollars a Nothing was said
or presented.

Maps do not equate to thoughtful
management of our public lands
yes the USFS has High Tech
GIS - so what.

I did not come here to speak or ask
Questions.

Maps containing acronyms without
definitions for the ignorant, are meaningless.

There was no one to ask in any case.

There was only one uniformed or otherwise
identifiable USFS Employee in the
building. Not even Name tags
