

0043
Maintain the 40 year legacy of Recommended Wilderness in the Great Burn by selecting
Proposed Action Option A for the Hoodoo (Great Burn) Roadless Area and adding the
Bighorn-Weitas Roadless Area to Recommended Wilderness status.

Only Option A for the Hoodoo Roadless Area guarantees traditional quiet recreation opportunities, critical winter habitat for sensitive species like mountain goats and wolverines, and connectivity for grizzly bears and other species between the Great Burn and the Cabinet-Yaak and Crown of the Continent ecosystems.

Eliminate Option B which creates a motorized recreation management nightmare for the Nez Perce-Clearwater and Lolo National Forests by carving unenforceable boundaries in Recommended Wilderness.

I want the Great Burn to be Recommended Wilderness because: *it provides essential habitats for endangered plants + animals. Please don't allow motorized vehicles in The Great Burn!*

Sincerely,

Name

JOHN STAMM

I want the Great Burn to be Recommended Wilderness because:

*it's always been intended to be designated Wilderness!
cd it's a really special place until
you meet ATV's at
the ridgetop.)*
