Maintain the 40 year legacy of Recommended Wilderness in the Great Burn by selecting Proposed Action Option A for the Hoodoo (Great Burn) Roadless Area and adding the Bighorn-Weitas Roadless Area to Recommended Wilderness status.

Only Option A for the Hoodoo Roadless Area guarantees traditional quiet recreation opportunities, critical winter habitat for sensitive species like mountain goats and wolverines, and connectivity for grizzly bears and other species between the Great Burn and the Cabinet-Yaak and Crown of the Continent ecosystems.

Eliminate Option B which creates a motorized recreation management nightmare for the Nez Perce-Clearwater and Lolo National Forests by carving unenforceable boundaries in Recommended Wilderness.

I want the Great Burn to be Recommended Wilderness because: *It's my spiritual retreat so close to Mtn. that I don't have to travel to the Rocky Mtn. Front to get away. I've spent many hours monitoring on various issues in the Burn. It should be preserved!*

Sincerely, *Francis M. Cooper*
