Maintain the 40 year legacy of Recommended Wilderness in the Great Burn by selecting  
Proposed Action Option A for the Hoodoo (Great Burn) Roadless Area and adding the  
Bighorn-Weitas Roadless Area to Recommended Wilderness status.

Only Option A for the Hoodoo Roadless Area guarantees traditional quiet recreation opportunities, critical winter habitat for sensitive species like mountain goats and wolverines, and connectivity for grizzly bears and other species between the Great Burn and the Cabinet-Yaak and Crown of the Continent ecosystems.

**Eliminate Option B** which creates a motorized recreation management nightmare for the Nez Perce-Clearwater and Lolo National Forests by carving unenforceable boundaries in Recommended Wilderness.

I want the Great Burn to be Recommended Wilderness because:

since 1964, when  
the Wilderness Act was passed, this area was meant to  
be designated wilderness. It is a very special  
place that should be  
protected as wilderness.

Sincerely,

it is my

what wilderness looks &
