Subject of Comment: The Magdalena Mountains

Comment:
my family has ranched here since 1880
what's happened to these mountains is
all the deer are gone about all the cows
have been taken off & the S. Sawtooth will not let them
The deer are trash eaters. Brush trees seeds
No grass. The cows eat Brush & grass.
Because so few of these animals are left the
mountain has grown up so thick with this
trash you can hardly ride a horse anymore.
So many worthless trees, they suck all the
rain fall there for most of the spring & then
dried up - what needs to happen is let it
burn

continue on back
