

ATT: Supervisor Elaine Kohrmann

We are residents of Grants that love our Cibola Forest!

We enjoy taking Sunday drives and family time in the Mountains. This is going to have a negative impact on the whole family unit!!

Some of us are elderly or handicapped and unable to walk very far. Making Cibola Forest a Designated Wilderness Area is taking accessibility away from ALL of the elderly and handicapped!!

We feel we have enough Designated Wilderness Area in New Mexico already!!

Sincerely,

Trisha Robb
