SENT VIA ELECTRONIC MAIL

Dear Ms. Cummings:

The Bonneville Power Administration (BPA) has had the opportunity to review the above request for land use action within the above described property. After researching BPA records, it does not appear that the proposed activity will occur within or adjacent to a BPA transmission line easement area. Accordingly, BPA does not have any objections to the approval of this request at this time.

If you have additional information that you feel may change this determination, or have any questions or concerns, please don't hesitate to contact this office at 541-988-7432. Thank you for the opportunity to review this application.

Sincerely,

A handwritten signature in blue ink, reading "Sandra Billings", is located below the "Sincerely," text.
