COMMENT FORM

FIRST NAME: Edward

LAST NAME: Mann

ADDRESS: 351 Sacheen Terrace Dr.; Newport, WA

You have an important role to play in this process. By reviewing and commenting on the DEIS and draft plan, you are providing important information for the Forest Service to consider in the decision-making process. Public comments do make a difference – each comment will be individually read, considered, and collectively responded to in the final EIS.

I want my resources on my public lands managed to 21st century science standards and knowledge, as opposed to the 1890's Organic Act. I want more intensive silviculture practiced on my lands. More attention needs to be paid to stand structure, forest structure, and age class distribution across the landscape. I am a certified silviculturist.

Please leave your completed card in the comment box. If you would like to mail this later, please send it to Colville National Forest Plan Revision Team, 765 South Main St, Colville, WA 99114. Please ensure the correct postage is used on the envelope and it is postmarked by July 5, 2016.
