I represent 3 ORV/ATV groups
in Skagit/Whatcom Counties. The
Upper Skagit ORV Club, Skagit ATV
club, and Northwest Quad Assn. We
attended the meeting in Kendall
and commented our concerns over
no ATV access. All other regions
have multiple ATV areas in WA state
except this region. We don't need ATV
trails, just access to roads for
ORVs/ATVs. We pay taxes and
should have access as all users to
public lands. Our second issue is
Road 38 should remain open, middle
fork road needs access to DNR
land as well. Canyon creek road
should remain open year round.

This is a major road in this system. The ATV community is tired of being completely locked out of this region. Why can't we have an area to ride like Entiat? Gifford-Picknot? There are 7 ATV clubs in Whatcom, Skagit, and Snohomish counties. We are organizing and we are going to continue to push for access in some form. Give us a set of roads to ride! Thank you for your time.

Sincerely,

Linnea Hansen

Natasha Hansen
