	IRA'S	133	7 - Entire Section	The IRA'S are shown in the plan and can be addressed (evaluated) as a condition or element of this plan. The fact that this layer of "management" is off the table for discussion during this process takes a necessary element of discussion out of evaluation. The Landscape team could just as easily recommend Re-evaluation of the IRA as it relates to overall management approach.
Appendix D -	mgmt Areas	177		- roads managed to be maintained - cars on main roads; - Bicycle trail, ATV/UTVs - multiple uses + mixed - use wood from forest fires - community uses - for people that live here - for recreation and families that are here - Man. trash, if I not to good to pick up trash forest Service should do more, Need law enforcement to help with this also!
