Preliminary Draft @ Aug 1, '16 Mt Taylor mtg	NATIONAL Scenic + Historic Trails	137	36	The CDNST section seeks to mitigate existing + <u>pre</u> -existing conditions that cross the CDNST areas cross. It should be noted that the
				"up to 0.5 mile on either side" is not possible to be maintained as high to very high in all areas. Management
				Plans should consider that and make provision for pre-existing conditions that the CDNST crosses.
				The condition of "up to 0.5 mile on either side" acts as a management area and should be not be used as an "in lieu of" treatment as compared to wilderness or other manag management area.
