Re: Arizona Minerals, Inc. (AMI), Hermosa – Taylor Deposit Drilling Project

Dear District Ranger Kinsey,

I am writing on behalf of BFL Construction Co., Inc. to express support for Arizona Minerals, Inc. ("AMI") and its proposed exploratory drilling project in Santa Cruz County, Arizona, in the Sierra Vista Ranger District of the Coronado National Forest. The project is a valuable enhancement to our local community and our state's economy.

AMI's exploratory drilling project allows AMI to assess the value of its mineral rights and contribute to Arizona's economy while protecting and preserving our local environment. AMI currently employs about 160 people (either directly or through contracting work), and the proposed exploratory drilling project will increase that work force by another 25 – 30 contracted workers. **These jobs employ both skilled and unskilled laborers in the Tucson area, and the daily presence of a work force this size translates into significant local spending that is a tremendous boost to the economy in Santa Cruz County.**

The Hermosa-Taylor drilling project is very minor and will negatively impact very little while providing a boost to the local economy in terms of jobs and spending. We sincerely hope that the Forest Service will take into consideration these important socio-economic effects, and AMI's significant efforts to avoid and minimize resource impacts, when evaluating this project, and the Forest Service will not delay something this minor with an excessive review period.

Sincerely,

Garry Brav
President & CEO
