Forest Plan Revision

Custer Gallatin National Forest

10 E. Babcock

P.O. Box 130

Bozeman, Mt 59771

Dear Sirs,

Please keep me informed. I am interested in improving the road conditions and fire prevention in my community known as Smith Creek.

Smith Creek is located in Northern Park County and Southern Meagher County, also known as the Lower Crazy Mountains, it is Northeast of Wilsall, Montana.

A few years ago the Smith Creek cabin owners got together and purchased an old forest service fire truck in order to provide first response to an event of cabin or forest fire. Then we purchased a second smaller fires truck for faster service. We maintain our trucks and train our older population of cabin owners in the use of the equipment.

We appreciate the work that is done every year by the U.S. Forest Service in making our community safer from fire. The roads also need attention.

Please continue to support us. Keep us involved.

Sincerely,

Will Grohmann
