

Please implement the emergency tin cup dispersed camping restrictions in the new travel permit plan.

Public Open House Feedback

Your participation is important to us, so please let us know how we're doing so that we can improve our public outreach.

Date 7/25/17 Open House Location Delta Your community Tin Cup Park

How did you hear about this open house?	Email Alert
Did you receive the information that you need? Do you know where to get more information?	Yes
What are we doing well with regards to public outreach?	Social media - Alerts etc. There is a need to improve public's perception on how to care for our forest.
What can we improve to help you participate throughout the plan revision process?	My name is Jay Wilkins - Email - jay@wilkins@yahoo.com Phone - 949-78-641-5123.
Other comments	Campers in our area (Tin Cup) when left to their own devices do not behave well - they leave unattended fires, trash, waste and drive vehicles & ATVs off trail.

Contact your friends and neighbors to help you get your good

\* More designated camping areas need to be provided where they can be more private

Thank you for your input!

closely monitored & be pushed to  
behave better by peers & volunteers.

More programs to sway Public Opinion  
from "It's mine & I can do what ever I  
want" back to the "Leave no trace" etc.

I believe Designated Camping Areas  
at the Dump Station (off CR 765) and  
also at the base of Cottonwood pass  
would help accomplish this.

In fact - these two areas are ~~not~~ connected  
by ATV roads & can be accessed easily  
by ATVs ~~on~~ <sup>on</sup> road + trail.
