What issues or changes have you noticed regarding this resource? _____

The number of jeeps, ATV's etc. that are using the "jeep" roads is getting out of hand. I have done extensive backpacking and have often been required to file for a permit. I believe this was done to minimize the impact - perhaps this needs to be considered.

What is or isn't working regarding this resource and current management? _____

The camping @ Blue hales and Ice hales is doing irreversible damage to these areas. Designated sites and permits may be appropriate in these situations as well, I recognize that man-power will be required but I believe it's worth it!

What suggestions do you have to improve management of this resource through the revised Forest Plan? _____

see above!!

Please no porta-potties on jeep roads!
Please take a look @ the over-use on the Middle Fork and please know that I appreciate all of your efforts
