What issues or changes have you noticed regarding this resource? Increased use - especially Blue lakes + Cimarrons ; impacts from excessive grazing

What is or isn't working regarding this resource and current management? Grazing in the Cimarrons is impacting water quality / riparian habitats - erosion, contamination, competition w/ wildlife. I was in the East Fork in late July 2017 + the impact from livestock during a wet time of the season was overwhelming - stench, feces, erosion, failed trail

What suggestions do you have to improve management of this resource through the revised Forest Plan? I would like to recommend that you specifically inventory Hayden Mt (Ouray County) from Camp Birch Mine Rd south to Spirit Basin + perhaps even to Senator Beck area for lands w/ wilderness quality. I'd also suggest Bear Creek as an addition for consideration to the Unc. Wilderness along w/ Mt Baldy / Baldy Trail. and Turret Ridge (N of
