What suggestions do you have to improve management of this resource through the revised Forest Plan? \_\_\_\_\_

I would like to see designated bike corridors through wilderness areas on suitable trails, with a priority towards hallmark trails like the COT + CT. Currently the CT passes through six wilderness areas where mountain bikers must detour onto roads. I think bikepacking is a compatible non-motorized use and I'd like to see an effort made to accomodate mountain bikes on the entire Colorado Trail and COT.
