Thank you for participating in the forest plan revision process; your input is important to us. You will have many additional opportunities for feedback, submissions and formalized comments as well. Feel free to attach additional pages and enclose in an envelope, if you need more space. Comments are welcome at any time, although comments received by **August 21, 2017** will be most helpful as we prepare the draft Assessment Report.

Does your comment pertain to a specific geographic area(s)? If so, please circle the area name(s):

Grand Mesa North Fork Valley Gunnison Basin San Juans Uncompahgre Plateau Other: \_\_\_\_\_

Please circle the resource(s) your comment pertains to:

Fire Wildlife Timber Recreation Soil, Air and Water Resources Access Designated Areas Range

Cultural and Historic Resources Infrastructure Minerals and Energy Other: guiding

What issues or changes have you noticed regarding this resource? There are far too many guides (climbing, skiing) and guiding companies are grossly exceeding their user days. There are also many guiding illegally. Example: San Juan Mts. Guides in Duray

What is or isn't working regarding this resource and current management? See above. Also, no ethics (example - monopolizing climbing routes all day).

What suggestions do you have to improve management of this resource through the revised Forest Plan? Limit and enforce. Non guided groups can not use our resources.
