Thank you for participating in the forest plan revision process; your input is important to us. You will have many additional opportunities for feedback, submissions and formalized comments as well. Feel free to attach additional pages and enclose in an envelope, if you need more space. Comments are welcome at any time, although comments received by **August 21, 2017** will be most helpful as we prepare the draft Assessment Report.

Does your comment pertain to a specific geographic area(s)? If so, please circle the area name(s):
Grand Mesa North Fork Valley Gunnison Basin San Juans Uncompahgre Plateau Other: _____

Please circle the resource(s) your comment pertains to:
Fire Wildlife Timber Recreation Soil Air and Water Resources Access Designated Areas Range
Cultural and Historic Resources Infrastructure Minerals and Energy Other: mushroom + fungi so

needed for forest health

What issues or changes have you noticed regarding this resource?
• OVERUSE + Lack of enforcement + Mountain Bikes aggressive speed
• Corn lillies are invading wilderness - pushing out all other plants (hizard head on Trout lake side, Dunton Meadows)

What is or isn't working regarding this resource and current management? "we are loing our forests to death" as a friend put it. Toyota club comes with over 200 SUV no enforcement. ATV's side off road by Tomboy road. Motorbikes too - erosion results.

What suggestions do you have to improve management of this resource through the revised Forest Plan?
1) Restore + also establish SPEED CONTROL
2) Educate - I am happy to help = Educator by trade, here 22 year!
3) Enforce + limit group events (mushroom festival brings 200 people into our fragile woods - why?). Rivers such as Bluff put in have a lottery to ride river - allow the few commercial operators license them + for the TENS of THOUSANDS of outside visitors let them pull a lottery
