are increasing in the State. I've noticed that ~~usage~~ ~~access~~ ~~is~~ access is being more restricted or funnelled

What is or isn't working regarding this resource and current management? The old FS rds are

being shut down but people still use them. I don't think restricting access is a good thing

What suggestions do you have to improve management of this resource through the revised Forest Plan? \_\_\_\_\_

Embrace the population growth and promote access in G MUG
