Attn: Withdrawal EA

Hello:

Please protect the BWCAW and Voyageurs National Park by preventing Sulfide-ore copper mining near those areas.

Recommend to Interior Secretary Zinke that the Dept. of the Interior remove the over 200,000 acres of land in the Superior National Forest from the mineral leasing 20 year program.

Please prepare a thorough Environmental Impact Statement studying the great impacts of this mining on SNF lands that are in the Rainy River Drainage basin.

Please remove these lands from the federal mining leasing program.

The BWCAW and Voyageurs need to stay protected. Our wilderness and clean water are way to valuable to be messed with.

Thank you!
