RE: Opposing Ruby oil plan

To whom it may concern:

I did not spend 40 years working for the DOI with the Nat'l Park Service to see you sell/trade our land - our soul to the Trump agenda. Open the door an inch, they take a mile and will continue until there is no need to protect & preserve what no longer is here.

Please do not allow this to happen. I am totally against this idea.

Sincerely,

Sue A. Huber-Huffman
