I am a mountain biker, skier, hiker, boater  
and I would like to see more wilderness and steadfast  
resolve to maintain our roadless areas here.

I support the Citizens Wilderness Proposal to protect  
the Cochetopa and Sawtooth areas.

I am very very opposed to motorized travel in the  
GMV forest, with the exception of E-Bikes for disabled  
and the elderly. I support Granite Basin/Cement  
Mountain Wilderness as well. Thanks.

Thank you for all your work on this issue
