Subject: Comments on Stanislaus OSV Designation
Date: Sunday, October 7, 2018 1:45:59 PM

I am a cross country/backcountry skier and I've skied in various areas in the Stanislaus NF for the past 30 years. In my ski-outings, I've run into snowmobilers, both where they are legal and where they are prohibited. I consider them noisy nuisances that disturbs the tranquility of my outing. Consequently, snowmobile traffic needs to be restricted and those restrictions need to be enforced.

Consequently, I support Alternative 3 as it should minimize my interaction with snowmobilers. In addition, several areas need to be set aside for skiing and snowshoeing including Big Meadow, Osborne Hill/Lake Alpine, Mattley Ridge, Cabbage Patch/Black Spring, and Herring Creek Rd.
