Dear Yewah Lau

I grew up in Aberdeen and spent many days as a visitor to the upper Wynoochee area with Uncles and cousins.

My concern is with road closures. I hope there will still be an ability to use 4-wheelers + scooters to permit us with age related issues to visit the remote areas. I remember well Camp Grisdale - railroads - trestles as a young man. I support the overall plan but hope I am not closed out of areas I visited as a young man.
