ATT: Draft Land Management Plan

- Hello -

To introduce my self - I am a 60yr old American Indian who loves the Outdoors & has lived in Soldotna Alaska for 59 years -

I am an avid - Hiker - Biker - Snowshoe Skier - Skedder - In the Mountains at all times
My hopes & wishes for the Plan -

1. Keep sharing the trails

Hikers - Bikers - Skeds - Skiers - Snowshoes

2. Educate Backwoods youngsters to leave No Trace - Pack In - Pack Out -

3. Improving Recreational Cabins with Hitching Post / Corals to keep Stock Safe with advert distance from the Cabins - With tools to keep area Clean

4. Hire Backcountry Horse Woman & Men (Local) to help build corals & Hitching post
Packing Stock will haul material into recreational Sites

Continued on Page 2

A. I am a volunteer and a member of Backcountry Horsemen of the Kenai Peninsula - I would like to see the forestry hire local residence to work on trails -

B. Together we can make a difference!

C. Our BCHA of Alaska is an active organization - wanting to be involved to share responsibilities with the forestry in keeping all trails open for everyone to enjoy - Fun & Safe -

As a Professional Business Owner of 40 years on the Kenai Peninsula I always try to educate when teaching about trail etiquette safety - Pack in & Pack out - Spreading respecting the land

Thank you
