Your Background and Interest in the GMUG:

I've lived in Gunnison Valley for 15+ years & enjoy the access to public lands this area provides.

Issue #1:

My biggest worry about revising the forest plan would be opening up the road to industry ~~which~~ ~~doesn't~~ align with the fact that climate will change allow lives soon.

Issue #2:

The over crowding of popular trails is a large problem for the access to private easements to access public lands. Uneducated recreationists overstep bounds & impact habitats negatively. Inact a public lands access class & licensing program.

Issue #3:
