

Flathead River Wild and Scenic River Comprehensive River Management Plan: Scoping 2019

Comment Sheet: Please use the space below to record any additional comments you would like to submit to the agencies related to the Three Forks of the Flathead River Comprehensive River Management Plan (CRMP).

You may drop this sheet off at the meeting tonight, or mail or bring it to the Flathead National Forest Supervisor's Office: 650 Wolfpack Way, Kalispell, MT 59901. More details on submitting comments are included on the back of this sheet.

The main issue on the North + Middle Forks
are rafter's impact on fish populations. I have noticed
as rafting has increased over the years, fish numbers
have taken a nose dive. Your restrictions on rafting
are ~~in~~ in areas where most ~~+~~ rafters do not
go. Most go from Polebridge down to H. Horse
or C. Falls. That is where you need to
regulate, or there won't be any fish left.
It would be a shame to see a great
river be destroyed by valuing money over
the environment.
