- 3 party encounters for scenic section of the north fork is way to low. 8th seems way more reasonable.
- really don't want a permit system ~~with~~ that limits locals access
- Strongly prefer education around best practices. → leave no trace
Plus- making sure people have fire pans/groover maybe something like how glaciers backcountry video you have to watch
- lets limit commercial activity before you tell locals that they can't float when they want to.

Thanks ☺
