---

To whom it may concern:

As a lifetime Idaho resident, outdoorsman, and Idaho registered Professional Engineer, I fully support the Stibnite Gold Project.

Public lands are to be managed for multi-use, and long term sustainability. This is an opportunity to provide economical benefits to the region and state, while providing a massive long term net benefit to the forest, river system, and wildlife.

Please allow this mine to go forward.

Best regards,

Brandon Christoffersen
