Subject: Plans for the Stibnite Gold project need to protect water quality and restore habitat
Date: Thursday, June 15, 2017 8:11:00 PM

Dear Payette Forest Supervisor Keith Lannom and staff,

I have paddled my kayak down East Fork of the South Salmon River every summer for the past 20 years. It is a beautiful river that should be protected for future generations. A private company that is going to mine should be heavily restricted from contaminating the river and damaging this valuable resource for personal profit. Please help.

Dr. Peter Pressley
