Subject: Plans for the Stibnite Gold project need to protect water quality and restore habitat
Date: Monday, June 19, 2017 1:00:11 PM

Dear Payette Forest Supervisor Keith Lannom and staff,

I flyfish extensively in the EFSFSR. I oppose Midas Gold's proposal. Blocking any tributaries currently used by the few remaining salmon is an illegal and unacceptable component of the project, as is creation of new pit lakes rather than backfilling. For these and many other reasons, the Stibnite Gold Project must not be allowed to go forward in its current proposed form.

Respectfully,

BR

Mr. Buck Ryan
