Thank you for participating in the forest plan revision process, your input is important to us. You will have many additional opportunities to share your feedback, and we hope you'll stay involved throughout the process. If you need more space, please feel free to attach additional pages. Your feedback will be most helpful if received by **July 29**, and can be sent via: Online comment tool: http://www.fs.usda.gov/goto/gmug/forestplan_comments

Email: gmugforestplan@fs.fed.us

Postal Mail: 2250 South Main St., Delta, CO 81416

What works in the working draft plan direction? What needs improvement? Please include specific plan component codes if possible (e.g. FW-DC-AQ-02). _____

Is your feedback about a specific mapped part of the working draft? If so, which? Please circle all that apply:

- Management Areas (MA)
- Recreation Settings (ROS) – Summer, Winter
- Scenic Integrity Objectives (SIOs)
- Suitable Timber

Is your feedback about a specific area(s)? If so, where? (Please also draw this on the map on the back of this form).

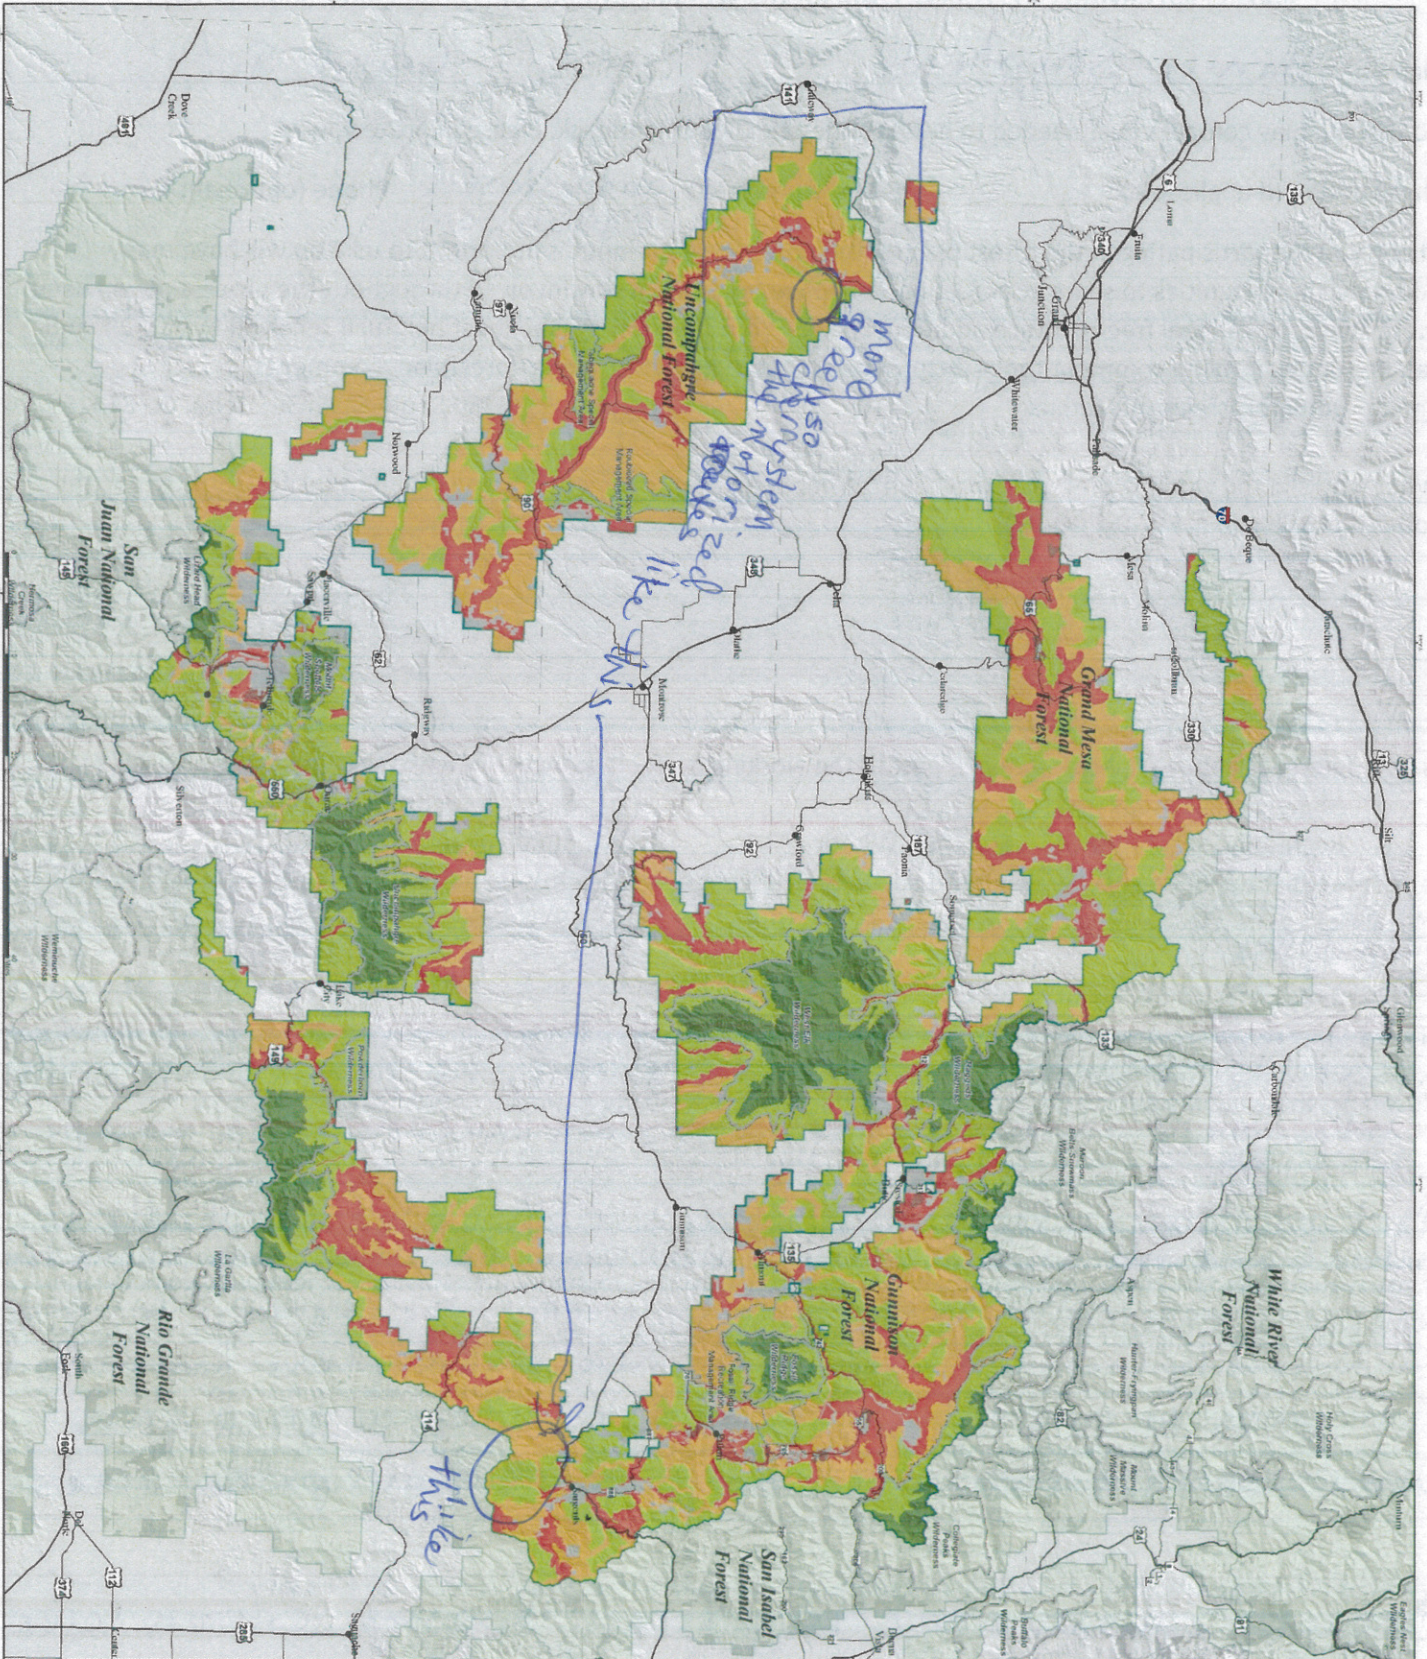

(see square on map)
There should be more primitive + non-motorized areas at the north end of Uncompahgre off Divide Road. Currently it seems if there are two motorized routes the area between is designated motorized. why not cherry stem the motorized routes and put green in between
How does the working draft categorize the area you're referring to? (e.g. MA category, ROS setting, etc.)
both groups want quick access from down. Both groups want loops.

Pack
Dirt parking pads at Divide Road + other routes will allow hikers and ~~with~~ bikers + ~~motor~~ motorized who arrive in an pickup truck with their motorcycle or ATV in the bed of the truck to park safely even when summer head and dryness has turned tall grass to fire starters. "Don't park on top of dried grass" works better if there are enough packed dirt parking areas.

Engage the public more long-term through citizen science projects.

Note: All feedback will become part of the public record.
