My route from iHikeGPS:

Hello Mr. Gilloon,

My wife and I would like to insure that the ASNF Travel Management Plan #22692 now underdevelopment would continue to permit riding our OHV on the trails included as an attachment in this email. If for some reason a portion of these trails is found unacceptable, I request a written explanation for their exclusion from the ASNF Travel Management Plan #22692.

Thank you,

Kenneth Drozdowicz
