I, Sandy Polishuk, respectfully request that the Forest Service withdraw the recommended project and 1. Prepare a project that meets the standards and guidelines of the existing land use management plan or, even better, 2. Deny the project. I, Sandy Polishuk, hereby request a public meeting to discuss (over)

National Forests

Dear Forest Service:

In accordance with 36 CFR, Part 218.1,  
SANDY POLISHUK, hereby objects the project  
I object for many reasons but will  
only specify here that the cumulative  
effects of this proposal on watershed  
wildlife and fire management have  
not been analyzed for their comprehensive

potential resolution of the issues  
 raised in this objection.  
 Sincerely, Sandy Polishuk

 Valdivian Coastal Range

Eons of geographic isolation have made the forests of Chile's Valdivian Coastal Range a haven for species found nowhere else on Earth — including the endangered marine otter, the world's smallest deer, and a mountain monkey barely larger than a mouse. The Nature Conservancy and its partners are working to map and protect hundreds of thousands of acres of these abundant coastal forests.
