

COMMENT FORM

Tonto National Forest Draft Plan and Draft EIS

This comment form is a means for you to provide your input regarding specific issues for the Draft Forest Plan and Draft Environmental Impact Statement (DEIS) for the Tonto National Forest. Comments should clearly articulate the reviewer's opinions and concerns. Please provide information that will be helpful for the U.S. Forest Service to consider as we revise the forest plan.

For your comments to be considered under 36 CFR part 219 subpart B – to be eligible to submit an objection - we require that you include your name, email, and/or address. Please note that comments received on the Preliminary Proposed Plan, along with the names and addresses of those who comment, will be part of the public record and subject to the Freedom of Information Act requests. Comments submitted anonymously will be accepted and considered in the NEPA process, however, anonymous commenters will not have standing and subsequently will not be able to participate in the objection process.

The draft plan and DEIS are available electronically on the Tonto NF plan revision website, <https://www.fs.usda.gov/main/tonto/landmanagement/planning>. Printed versions will be available at Tonto NF ranger district offices, at the supervisor's office, and at area libraries. Additional printed versions may be requested via email, SM.FS.tontoplan@usda.gov, or by calling 602-225-5200.

If you would like to receive future updates about the Tonto Plan Revision Process, please check this box:

Comment: I would like to comment on the Tonto National Forest Draft Land Management Plan. First, I would like to bring to your attention the State of Arizona, Office of Attorney General Revised Statute #24-77 Signed July 21, 2017 regarding rights-of-way. It includes wording stating that roads existing prior to 1976 cannot be closed to travel. If changes must be made to the existing plan I would prefer the USFS to implement their Alternative B with the exception of closing FR 939 and roads leading to it. This road is shown on maps prior to 1976. FR 939 leads to several points of interest as well. Thank you for your consideration.

Comments can also be submitted electronically at <https://www.fs.usda.gov/project/?project=51592>

Two sets of horizontal lines for writing comments. The first set consists of two green lines, and the second set consists of six black lines.
