**Subject:** Mendenhall Glacier Recreation Area  
**Date:** Friday, March 13, 2020 11:42:50 AM

---

As you prepare to plan for the future of the Recreation Area, I ask you to please seriously consider:  
**NO** expanded bus parking near the visitor center;  
**NO** vehicle access close to the existing facilities;  
remote parking for cars and buses during the summer with an electric shuttle system to move people to the facilities;  
manage for the future with an eye on climate change, renewable energy and sustainability.  
Also any boats on the lake should be electric, NOT diesel.

The Mendenhall Glacier is a National and World treasure and should be managed as such. Please do all that you can to keep the Glacier a natural wonder for all visitors all year long **NOT** a congested, tourist quick stop.

Thank you for your time and consideration.
